

CORAIL

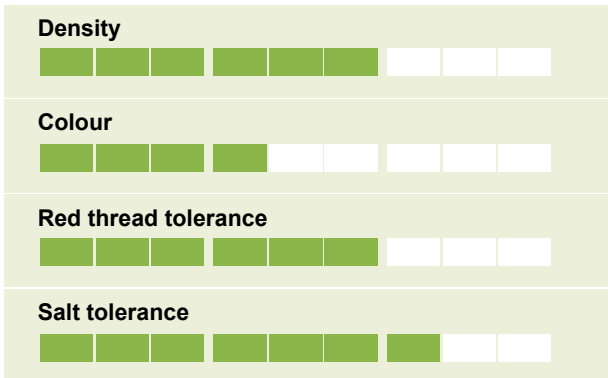

Festuca rubra rubra

Strong creeping red fescue
Persistent and disease tolerant

- Highly persistent
- High tolerance to main diseases
- Attractive green colour
- Versatile mixture component

Ratings

Invest in the future

Corail is easy to establish and will contribute to the persistency of the grass cover due to excellent longevity and rhizome development.

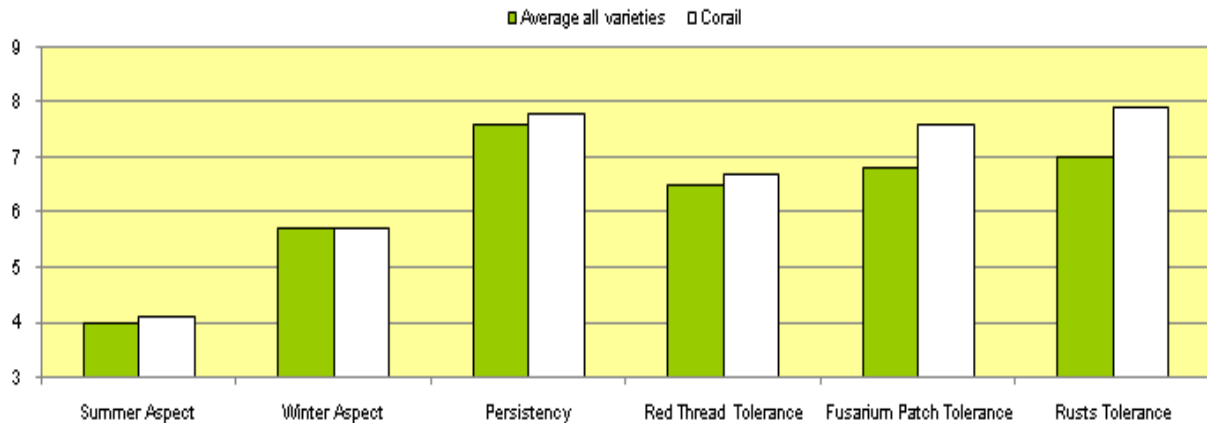

Colour

The colour of Corail is a little more light green than average, with a healthy attractive appearance.

Overall excellent disease tolerance

The good resistance to red thread, fusarium patch and rusts secures visual merit year round.

Strengths of Corail. Scale 1-9, 9 = better/darker
